Lymphedema Support Services

With you.

Today, and for
as long as you
need us.

Our goal
is to make a **customer**
– not a sale

Our Lymphedema service team members are standing by to support you. They have the training to answer your product and health coverage questions completely.

Your team member will handle all of the claim paperwork for you and ensure your product's delivery when you need it.

Most importantly, they will stay focused on your welfare.

We want to be people you can count on without fail every time you need us, for as long as you need us.

Ordering from SunMED could not be easier

We do virtually everything for you.
Here are the simple steps we take:

Step 1

We will get your contact and insurance information

It takes only a few minutes for us to get the information we need for your order.

To begin, just call us at **844.830.3880**.

If you prefer, you can visit our patient portal at **sunMEDchoice.com** to place your order.

You do not need to give us a credit card when you check out. We will verify your coverage quickly and speed your product to you.

Step 2

We will coordinate with your clinician

To process your order, there are a few pieces of technical information we need – your prescription and your ICD-10 diagnosis code.

Don't have that information?

Not to worry. We will call your clinician directly and get everything we need to complete your order.

Call us at **844.830.3880**

Step 3

We will check your "One-to-Wear/ One-to-Wash" eligibility

Many insurance plans cover more than one of the bandage sets or garment you need – to allow you to continue your therapy when it must be laundered.

We will verify your eligibility for this important benefit and if you are covered, we will give you the option to receive the number of items to which you are entitled.

Step 4

We will schedule you for your covered reorder reminder

Bandages and garments wear out, even with the best of care.

SunMED will notify you when your health plan authorizes a replacement to give you the option to reorder.

With You

Don't reach for your credit card yet! Call us. Let us check your coverage options first.
